Medical Assistant Job Opportunity

I am reaching out to Boces as I am looking for a medical assistant who is interested in employment taking care of an individual with cerebral palsy. This individual lives in her own home with her disabled husband. They both require 24 hours care. They are both 100% intellectually functioning.

If you are interested in this employment opportunity, please contact GivetoOthers.com.

Thank you in advance and have a great day.

Regards,
Amy
